## Hondo Men In Amphibious Exercise

CAMP PENDLETON, Calif.—A major amphibious exercise involving 25,000 Marines, 20,000 Navy personnel, 300 aircraft and 125 ships, was completed Nov. 18 on the California coast.

Among those who took part with the 1st Marine Division, Camp Pendleton, Calif., was Pfc. Enciente Palacios, son of Mr. and Mrs. Francisco S. Palacios of 1110 Ave. Hondo, and husband of the former Miss Ruthie Ruiz of Los Angeles, Calif.

With the 3rd Marine Aircraft Wing, El Toro, Calif., was Sgt. John A. Wright, son of Mr. and Mrs. Frank T. Wright of Rt. 1, Hondo.

The exercise, dubbed "Operation Sioux," was climaxed Nov. 15 with an amphibious assault on the beaches at Camp Pendleton.

The Navy's 1st Fleet, supplemented by units from the Royal Canadian Navy, deployed aircraft carriers, cruisers, destroyers, minesweepers, assault boats and patrol craft in the exercise.

Assault troops stormed ashore in conventional landing craft and Marine transport helicopters.

The Pete Knowles of Uvalde were in Hondo last weekend to attend the football game.

M&M Edgar Muennink and daughters, Gay Nel and Jo Del of Charlotte, spent Friday evening with Mrs. Katie L. Muennink and also attended the football game.

M&M Marvin Bohmfalk, Bobby and Kathryn Ann returned home with them to spend Saturday there.

Guests in the home of Mrs. Katie Muennink on Friday evening after the game were, M&M Edward Mann of Pearsall, M&M Ed. gar Muennink of Charlotte, M&M Marvin Muennink of Yancey, Mr. and Mrs. Marvin Bohmfalk and Bobby of Kermit.

Mrs. Grady Smith and daughters, Sandra and Linda, spent Sunday with her parents, M&M Frank Leascher at Sealy.

M&M Bill Berger, Eddie and Barbara, were guests of Mrs. Berger's brother and family, M&M Bill Barnes, at Waco. M&M Bill Barnes, at Waco, was out for the Thanksgiving holidays visiting her parents, M&M Walter A. Bendele.

## HIGH HURDLES TO SUCCESS

The steeply progressive income tax rates, which reach 91%, and the combined top corporate rate of 52%, are excessively high hurdles for business — particularly small business — to get over on the way to economic success.

Those who pay the progressive rates are also subject to the basic rate of tax paid by all income tax payers and, directly or indirectly, bear at least their share of all other taxes — federal, state and local. Similarly, corporations are subject to nearly all other taxes except individual income and estate taxes.

Today's high and discriminatory rates of income tax harass, block and penalize those whose work and investments mean the most for the nation's future — the economic builders and jobmakers of tomorrow.

## Texas Farmers Ask Senators For Rigid Price Supports

Texas farmers recently had a rare opportunity to tell federal farm policy makers what they believe is behind the critical decline of farm income.

Almost without exception they asked for a return to rigid price supports of at least 90 per cent of parity on all basic commodities.

Appearing before the U. S. Senate Agriculture Committee at a Fort Worth hearing some 67 farm witnesses from all over the state gave a word picture of stifling financial conditions.

In general, testimony showed that farmers realize their personal share of the responsibility in making a farm program work. But they were unanimous in their feelings that the present farm program is not working and should be changed.

Representatives of all phases of Texas agriculture — from peanuts to livestock — gave graphic illustrations of how their products had decreased in value while their expenses had increased by leaps and bounds.

Those witnesses who appeared are to be congratulated on their willingness to travel — some for great distances — to attend this important meeting.

After talking with the Senators present, John C. White, Commissioner Texas Department of Agriculture said he felt certain that the farmers' pleas did not fall on deaf ears. Whether or not these men are able to put their findings into actual practice through enactment of a sound farm program remains to be seen.

White also said, "However, my temperature soared to a new high when I learned that backers of the present farm program are branding these farm-level hearings as a 'smear campaign of immense proportions'."

The Texas Hearings were examples of Democracy in action. If the value of honest public opinion is to be so grossly underestimated, overtones from the abuse to farmers are sure to be felt in other segments of our population.

PRESENTS SOME AFTER-THOUGHTS  
FOLLOWING THE REVIEW  
OF SISTER GENEROSA'S BOOK

Though there had been a considerable lapse of time since Bishop Dubuis brought the two sisters, St. Andrew and Agnes Wolf, to Castrovilla, and in August of 1868, laid the foundation for what was to become the Divine Providence Academy and Mother House of the Order and the arrival of this columnist in Castrovilla in 1896, Bishop Dubuis was still well-remembered and loved for his many lovable qualities and services by many of the elder people of that day who spoke of him in most endearing terms.

His work was still flourishing and had already achieved proportions probably beyond his fondest dreams.

The Bishop had first taught the parish school himself before bringing the Sisters, and it was not until 1890 that the school took on the status of an academy.

In the meantime, Castrovilla was by-passed by the railroad in 1881 and this was followed later, in 1892, by loss of the county seat.

Regrettable as were these blows, they were little more, if any, so felt by the people of Castrovilla than was the removal of the Motherhouse and Academy in 1896 to San Antonio.

For some years following this removal, the old Mother house was used partly as a home for aged Sisters but mainly as a residence for the Sisters teaching the St. Louis school, the parishes elementary school, and the more or less neglected property was a sad reminder of its more ambitious days.

But it was not destined to so remain. Dissensions in Mexico between the dominant political party and the Catholic church sprang up in 1913 which proved so annoying to the clericals that many sought asylum in other lands.

As an outcome of this, the Congregation tendered a year's free use of the house and grounds to the Church of Mexico, and it was occupied for some four years, from 1915 to 1918, as a seminary for ecclesiastical students of Mexico, and from its portals went forth a goodly number of newly ordained priests.

With the return of peaceful relations in Mexico and the return of the exiles to Mexico, the Congregation sold the property to the Oblate Fathers in July, 1920, for \$25,000, thus severing their long and intimate relations with the town of Castrovilla.

The Oblates used the property for a scholasticate until their seminary in San Antonio was completed, when they in turn sold to the Holy See and a seminary for Mexican students was maintained until about the end of 1937, when the property was again for sale.

Hearing that an offer to purchase the property had been made by a promoter for use as a

night club, the Congregation promptly bought back their "old home" and by January 10, 1939, the entire property was back in their possession.

With the acquisition of the property, plans were immediately begun to utilize it. Renovations and modernizations were at once begun and on July 27, 1938, Moya Military School was dedicated. The course of study is in accordance with the Texas state course and thus standardized and the aim of the military training is to form character as well as develop the body.

It is a military school for young boys and among its other facilities is the ownership and maintenance of a forty-acre recreation camp, Camp Cayoca, on the river just above the town.

A striking coincidence about this school is that, after these many years, the school plant now occupies that same plot of land which had been originally selected by Bishop Odin from the Castro grant as a school for boys when on September 12, 1844, Castro showed him the townsite.

And thus the influence for good of that consecrated band of women, the Sisters of Divine Providence, lives on to the great benefit of Castrovilla and her people after all these years.

It is not out of place to mention here that at the same time and along with its many changes and the marvelous expansion of the work of the Divine Providence Sisterhood, the parish school, St. Louis, for many years a sort of dependent on the local Sisterhood, has grown to the proportions of a high school and is now housed in a separate and commodious building of its own, an ornament and a credit to the community.

Notwithstanding these exceptional advantages supplied by a denominational school that is without equal in but few if any towns of her size, Castrovilla also boasts an approved public high school, housed in a beautifully designed and well-equipped building.

## ALL-STEEL BEAUTY

at a steal of a price

The 1956 Buick SPECIAL 4-Door, 6-Passenger Estate Wagon

In no uncertain terms, this one makes your travel hours prideful as well as practical.

It's all Buick, you see—all 1956 Buick.

Which means a new lift to anyone's spirit—from the new sweep-ahead look of it—the new might of its 322-cubic-inch V8 engine raised to lofty new power highs—the new sizzle of its advanced Variable Pitch Dynaflo®—the true sweetness of its great new ride.

But it's a lot more than that.

It's Buick's highly versatile Estate Wagon—now substantially lowered in price for 1956—and how much more practical can you get than that?

For with this one, and for an easy-to-reach figure—you

have a car with all the suavity of a smart sedan plus the all-duty handiness of a suburban vehicle. You have a car completely steel-bodied, so its exterior upkeep stays simple and inexpensive—and a car more than roomy enough to carry six and their gear.

You have a covered platform that's plain wonderful. It can take an inflated air mattress. It can freight a small rowboat and camp equipment. It can hold luggage, or golf clubs—or the results of a mad shopping spree, even if you go in for antique furniture.

You can even have the rear seat come, at your option,

in a handy split-section that lets you carry both rear-seat passengers and extra-long loads like skis, or fishing rods, or young trees, or two-by-fours.

So what more can we say, except come see it.

The Estate Wagon is available in Buick's two lowest-priced Series—the budget-tagged SPECIAL, and the high-powered CENTURY. And, we repeat, both newly lowered in price for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

# When The Fire Whistle Blows...

**HUGH MEYER**

The Anvil Herald is presenting this public service feature as a tribute to our excellent Volunteer Fire Department.

"I haven't been checked out for a solo when it comes to driving one of the trucks," chuckled big Hugh Meyer, "but I've got the size and the heft to sling a mean hose and generally make myself useful when I answer a fire call."

The affable six-footer claims a membership in the Hondo Volunteer Fire Department dating back to 1940. "However," he explained, "there was a slight interruption during the war and for schooling afterwards."

Mary, Hugh's wife, says of their two children that they are "avid demon fire truck riders". Seven-year-old Henry and five-year-old Clara find it hard to understand why every Thursday night isn't family night so that they can get to ride the fire trucks.

In the business world, Hugh owns the only abstract business in Hondo, and is practicing law. To relax from the cares of a busy day, Hugh can usually be found in his greenhouse where he grows exotic orchids of every kind and description.

Discussing firefighting, Hugh had some definite ideas about fires that occur beyond the reach of the city water system's fire plugs. "When you stand helplessly by watching a farm home burn for lack of sufficient water supply, it gives you a sick feeling. In most instances, outside of the tank truck we take with us, there is seldom more than 200 to 400 gallons of water handy, if that much to fight a fire. It would seem to me that every farm house would be much better off if the farmer would build a tank or pond close by just for such an emergency as fire."

In speaking of fires in general, Hugh offered the opinion the spectators who mean well sometimes get underfoot and cause embarrassment when they have to be ordered out of the way. "The firemen who have to follow the trucks in their own cars are sometimes hindered by people wanting to get to the scene of the fire and it is something of a problem," Hugh said.

"Ordinarily, I love to talk," Hugh laughed, "but fighting a fire is one time I'm too busy to stop and chat with people who want to stop me and ask what's going on. Besides, it is a foolish question to ask at a fire, because what's going on is quite evident."

By Mrs. E. R. Littleton  
DEVINE — The home of M&M L. C. Martin was the scene of a dinner party honoring their daughter, Miss Helen Bain Martin on her 14th birthday, Friday, Nov. 25th.

S-Sgt. and Mrs. G. T. Littleton and little daughter, Lynn of Maxwell AFB, Ala. were guests the past ten days of Mrs. Littleton's parents, M&M H. D. Thompson and Sgt. Littleton's brother, M&M E. W. Littleton.

M&M E. J. Bowman are visiting their niece, M&M Rudy Bremer of Ft. Worth. Mr. Bowman will go through a clinic for a medical diagnosis during their visit.

Funeral services for Mr. Perry F. Bowman were held Wednesday in San Antonio with interment in Mission Burial Park. Mr. Bowman was a brother to Mrs. Dee Littleton and E. J. Bowman and was very well known among cattlemen in Medina County.

Newest addition to the Cactus Zoo is a petified "something or other", called Johnnie Mack—We don't know what it is. You go by the zoo, then write or call Mrs. Joe Briscoe and see if you can name this "Whozis". Jess Hardcastle spied it in a pasture and John Tyler and E. C. McNeil moved it to the zoo site.

Miss Emma Dockins entertained a group of her friends with an outdoor party and bonfire on Saturday night at her home.

M&M J. O. Tilley and daughters Kay and Vicki and son, Terry, spent the Thanksgiving holidays visiting their daughter, Lt. and Mrs. Mike Shultz in Wichita, Kan.

M&M O. T. "Cactus Zoo" Baker and sons, John and Andy were guests of his parents, M&M L. V. Baker in Center for the Thanksgiving holidays.

M&M Russell Belew were complimented with a housewarming in their new charcoal brick home on Tuesday night.

Hostesses for the Belew party were: Mesdames Don Rose, Jack Tilley, Joe Buscoe, Tony Petri, Roger Russell, Bill Bain, Frank Bain, Terrell Baker, John William son and Gene Graham.

Miss Stephanie M a l o n e was complimented on her 13th birthday with a lawn party. The party, given by her parents, M&M S. R. Malone, was held on Saturday night.

## New Babies

## SECO PHILOSOPHER SAYS

## Ike Entitled To Few Months To Decide, It Takes Congress Years

Editor's note: The Seco Philosopher on his Johnson grass farm discusses politics this week, without making much headway.

Dear editor:

It's not my job to advise the politicians, the way I see it, there's too much advice in the world already, especially farm advice, but it seems to me the politicians are starting in so early on the next election which won't happen till a year from now that by the time voting day rolls around everybody will be tired of the subject.

In fact, if farmers started working on next year's crops as early as politicians do on next year's election, no telling how big the surplus would be.

I sort of like the way President Eisenhower is handling the situation. He doesn't even discuss the matter.

I know there are a lot of people who wish he would say what he plans to do about running again, some Republicans want him to say so they can get in the race if he doesn't, others don't want him to say anything unless he can say yes, and some Democrats want him to stay quiet so it'll confuse the other Republican candidates, other Democrats want him to say something, provided it's no.

Personally, I prefer silence, for this reason. The other day I read an article about a big industrialist who said his plans for expanding his business were being held up

until he found out what President Eisenhower is going to do, and that's the policy I use out here on my Johnson grass farm.

There are a few preparations I could be making now toward next year's farming activities, but I hesitate to do anything until I find out what the President is gonna do.

This is a sound policy, provided you don't carry it too far. For example, it wouldn't be a good idea to hold up all your efforts until you find out what Congress is gonna do. I tried this once and it was three years before I found out and even then I wasn't sure.

People ought to be content to let the President take six months or so to make up his mind, when it takes Congress years.

Yours faithfully,  
J. A.

## SPEAKING OF SPORTS

By Dr. John H. Jennings

### Hebbronville Next Hurdle

We will vary a little this week and talk of Hebbronville before mentioning the Owl's 27 to 6 Three Rivers victory... for this is a tough game coming up... and warrants first consideration of all concerned (fans too). It will take every Owl doing his best to take this one... and this time we know the scouts and coaches are not giving us the old routine... the Owls will have to play their best of the year as individuals and as a team to take this one. We believe the Owls have yet to play a game that would be good enough to beat Hebbronville... but we believe very firmly the Owls can play "THAT BEST" game at the proper time... these Owls have the goods and THIS is the week to really produce... or else some mighty good seniors could be playing their last Owl game.

### Not Unbeatable

Don't get us wrong, Hebbronville is not unbeatable or untouchable... but without a doubt, they will be the best team for the Owls to face so far... and they no doubt are smarting over the late game rally the Owls, as led by the spark of Monte Williams, defeated them with last year. The Owls with their material need not fear the Longhorns or any opponent, but they will have to take the initiative early and earnestly... and play their brand of rock 'em and sock 'em football to win. A determined blocking Owl line for their fine backs will be the factor... for if the Owls can grind out the yardage and pass when needed and therefore control the ball, the Longhorns will not have the ball enough to make their scoring threat effective. The Owls did just that against Three Rivers as they ran and passed 60 times to 43 for the Bulldogs... this 17 play difference in effect gave the Owls 1 1/2 quarters more of offensive football as Three Rivers never did get off more than 12 plays in any one quarter. Hondo will have to score often... for even with the strong Owl defensive record... Hebbronville is touted to do some scoring... unless the Owl pride overcomes this logic!!

### What To Expect

Hebbronville is said to have a better team than the one that lost to the Owls last year 20 to 14. They have most of their boys back, eight of last year's starters—QB Rene Medillin is the passer this year and is a fine runner. He passes well and accurate as he drops back fast and throws in a hurry to make it hard to rush him... but it is their ground game that has definitely improved to give them a more varied attack than last year. Two favorite receivers are HB Rene Ramirez and End Almaraz. Medillin played himself an outstanding game against the Owls last year. Last year the Longhorns completed 23 of 37 passes in Hondo! Hebbronville lost its opening game after only one day practice during the week because of a polio quarantine.

### Suggested Route

Game time will be 8 p.m. and NOT 7:30 as reported in another paper. The game will be played in Falfurrias... a trip of approximately 194 miles and will take about 4 to 4 1/2 hours. Here is the suggested route... which will let you miss a lot of traffic. Take Hwy. 173 to Freer... then Hwy. 339 from Freer to Benavides where shortly after No. 329 runs into a dead end... turn left at end of Hwy. 339 on to Hwy. 285 which carries you 16 miles into Falfurrias... where, we are told, there are a number of nice places to eat... and with a victory, the trip home will be a lot shorter!

### Play Off Talk

The Hondo-Hebbronville winner will take on the Deer Park-Industrial victor. In the event Hondo and Deer Park win this week... the game will be played there. If it's Hondo and Industrial, the game sight will be Hondo. Then if Hondo is NOT involved... then who cares who plays who where?!

Class A (second round)  
Stinnett (10-9-1) vs. Hale Center (9-1-1) at Borger Friday, 7:30 p.m.

McCamery (10-1) at Ranger (8-1-1) Saturday, 2 p.m.  
Chillicothe (11-0) vs. Rockwall (9-2) at Wichita Falls Friday at 8 p.m.

Van Alstyne (10-1) vs. Levett's Chapel (9-2) at Sulphur Springs, Friday, 7:30 p.m.

Alto (7-4) vs. Crosby (8-3), not set.  
Franklin (9-2) at Luling (9-2) Friday, 8 p.m.

Vanderbilt Industrial (11-0) at Deer Park (10-0-1) Friday, 7:30 p.m.

Hondo (10-0-1) vs. Hebbronville (9-1) at Falfurrias, Friday 8 p.m.

### Explanation About Publicity

In write-ups to the San Antonio papers, we have deliberately made repeated mention of three seniors... Angermiller, Muennink, and Schulte... and have excluded others at time who no doubt deserved mention. This has been done not only because the boys named are deserving, but to cause as much attention as possible to them as eligible col-

lege prospects... so that they may get their education on a football scholarship... so we apologize for any omissions... not that anyone has made any comment, but particularly want the Owls themselves to understand what is going on... and too, if these seniors show their talent now as they should... then we all profit... for they help the Owls as they help themselves.

### Three Rivers High Spots

The Owls again passed their 4 scores around to four boys... Woolls, Angermiller, Keel and Donnie Neumann.

The flock rushed for 98 yards in the 1st quarter, but couldn't get a score... this is more than Three Rivers got in the entire game.

Probably the prettiest play of the night was the mass of Owls that conveyed Pete Angermiller on a 40 yard punt return to the T R's 11 yard line. It was a team play if there ever was one.

Pete burst through the line early in the 1st quarter and was near to being gone, when he lost balance as he got away from the last defender.

The 1st Owl score was a beauty as the right side of the line of Muennink, Tilley... who threw a fine trap block, Tommy Koch, and Schulte opened a big hole that Woolls shot through for an untouched quick 20 yard TD.

The Three Rivers TD, in all due respect to their fine spirit, never should have occurred... as two Owls were all over the boy who caught the pass.

This seemed to put a needed fire under the Owls as they immediately went on a 60 yard determined drive for a TD and then followed through with two more. The same thing happened in Pearsall when they scored 1st, and when Carrizo scored... and when an official in the Floresville came walked off 30 yards in penalties. We suggest the Owls go into the Hebbronville game with the idea that the Longhorns have just crossed their goal line... and then take it from there!

Butch Woolls delighted the fans as he "leaned" into his would-be tackler... the "Little Bull" carried 105 yards in 19 tries for a leading 5.5 average.

Larry Keel appeared to have found himself and must have discovered how good it feels to hit harder that it is to get hit. He went 68 yards in 14 carries for a fine 4.8 average. Larry would be a lot more effective however, if he stopped running straight up on occasions... it's a good way to get unjointed too!

Pete Angermiller ran for 133 yards in 25 tries for a 5.3 average plus a nice 40 yard punt return and a 30 and 15 yard kick-off return.

Donnie Neumann's perfectly timed pass interception was a thing of beauty as he ran for the 50 yard TD.

Ray Highsmith's pass interception set up the beautiful 55 yard pass and run from Hartman to Billy Neuman. The boy that pushed Neuman out on the 4 as the game ended was no slow poke... he has been timed in the 100 yard dash in 9.9 seconds!

## St. Louis School News

By Rosalie Stein

On Nov. 22, the music students of St. Louis School participated in a recital in the parish hall. The program for the evening consisted of piano, vocal, trumpet, and violin solos, and also group choral selections.

The tryouts for leading positions in the St. Louis pep squad were held on Saturday, Nov. 26, on the school grounds. Results of the contest of skill are as follows: drum majorette, Roselyn Keller; majorettes, Paula Hoog, Kay Haas, and Janice Kempf; head cheerleader, Ida Louise Tschirhart; and cheerleaders, Helen Mann, Patsy Keller, and Frances Hans. The drummers are the following: Bass drum, Marilyn Biediger; and snares, Nancy Haly, Kathleen Lafferty, and Mary Ethel Corder.

The members of the annual staff have begun work on the advertising section of the yearbook.

On Sunday the senior class will sponsor a cake and pie sale in front of St. Louis church after all Masses. The proceeds will be added to their fund for the senior trip.

On Dec. 7, the members of the Castroville CYO will enjoy an evening of ice skating in San Antonio.

## HIGHWAY PATROL WANTS PATROLMEN CANDIDATES

The Texas Highway Patrol is accepting applications between now and January 1 for appointment as State Patrolmen.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said that state-wide examinations would be given in January and that successful candidates would begin training at the Austin Headquarters of the DPS in April.

Forty-seven men are now in recruit school and another class will begin in January. These were selected as a result of examinations given last summer.

The Public Safety Director invited all young men who are interested in a career of law enforcement to make application as early as possible. He pointed out that they must be between 21 and 35 years of age, inclusive; have a high school education; be at least 5 feet 8 inches in height; and weight not less than two or more than three and one-half pounds per inch of height.

Garrison also emphasized that applicants must have been residents of Texas for at least a year prior to the date of examination and they must be of good moral character and in perfect physical condition and able to withstand a rigid character investigation.

Base pay of a Patrolman, after schooling and a six months probationary period, is \$315 monthly. Also provided is longevity pay; two weeks paid vacation annually; sick leave, if necessary; and the benefits of both the State Retirement Act and Federal Social Security.

Applications may be obtained by writing to W. J. Elliott, Chief, Texas Highway Patrol, Austin; or by visiting the nearest Patrol District Office.

**Truckers Pledge Cooperation On S. D. Day, 1st**

Members of the trucking industry in Texas have pledged their complete cooperation in making Safe Driving Day, Dec. 1, a success and have announced a goal of 100 per cent participation by employees in the industry.

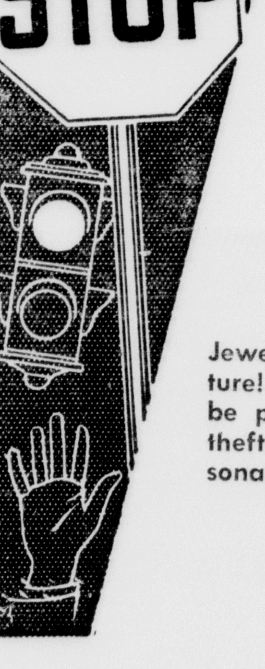

In a letter to officials of the S-D Day Program in Texas, James E. Taylor, Executive Director of the Texas Motor Transportation Association stated that his industry is highly enthusiastic about the program and wishes to cooperate with the officials in every way possible to make the program a success.

Mr. Taylor pointed out that his Association has set up an industry-wide plan for boosting the program. This plan consists of having over 100 safety men patrolling the roads during the 24 hour period and of holding special safety meetings to orientate employees on the S-D Day campaign.

The industry has developed special pledge sheets, posters and payroll inserts according to Mr. Taylor and many of the individual companies will have special projects to emphasize S-D Day.

"The industry," said Mr. Taylor, "is striving for 100 per cent participation by its employees whether they be professional drivers, drivers of private automobiles or pedestrians."

Mr. Taylor concluded his letter with "We are ready to demonstrate in this project as we have in the past, that the Texas trucking industry is ready to take the lead in promoting highway safety."

# Biggest Almanac Out On Texas Life

The biggest Texas Almanac yet, celebrating its 100th anniversary, has just been published by The Dallas Morning News. The new book's 768 pages of reading matter, statistical tables, pictures, charts and maps constitute the Texas ever published. In addition most complete reference book on to current information, the book contains much historical matter.

The tremendous growth of Texas in recent years is shown by facts and figures on the development of all kinds of resources and activities in every branch of human endeavor, including history, population, oil and other minerals, water, soils, native plant and animal life, farming and livestock raising, manufacturing, transportation, government and education.

Among the thousands of facts, one finds such a variety as the attendance of Decatur Baptist College, value of hay grown in Texas in 1890, location of the Davy Crockett Wild Game Area, money taken by the state from tide-lands oil, Montague County bank deposits, property damage by Texas as and the altitude of Potato Top Peak.

One feature is the new census of Texas agriculture with county-by-county tables on present crop and livestock volumes and values, farm characteristics and values, farm mechanization and irrigation. Special features include history of Texas cattle industry, description of Texas' wildflowers, survey of soils by regions and d classes, kinds and value of minerals produced in each county, location of more than 100 of Texas' largest ranches, early Texas cattle trails and stage routes, and statistical history of Texas banking.
